Light-Duty Floor Access Covers

FOR ACCESSING UNDER-FLOOR SERVICES

» 5000 Series ALUMINIUM

» FEATURES

- Suitable to be used in pedestrian-only areas in residential, commercial and public spaces.
- Covers can be fitted quickly and unobtrusively into all types of hard floor finish: ceramic tiles, marble, terrazzo, resin or parquet.
- Made to your specification between stated maximum and minimum sizes.
- Provides easy access to underfloor services using lifting keys.

» 7500 Series ALUMINIUM

» FEATURES

- Suitable for supermarkets, indoor shopping centres, sports and athletics centres, car showrooms.
- Unique patented cover sections are tapered for easy removal, and frame sections give a good key to bedding mortar.
- Stainless steel securing bolts are stiletto heel proof.
- Triple sealed covers with socket head securing bolts as standard.

» VISEEDGE® ALUMINIUM

» FEATURES

- Suitable for Commercial buildings, educational institutions, civic and public buildings.
- For applications where cleanliness, hygiene and durability are paramount.
- Provides permanent, easy access to underfloor services using lifting keys.
- Crimped corners allow the access cover and frame to lie flush with the flooring.
