Aluminium securing edge flexible floor trims for limited depth applications

» FEATURES & BENEFITS

- VISEGE® Series covers are suitable for PVC or linoleum flooring
- The PVC extrusion is locked to the trim sections, and bonded and welded to the cut edge of the sheet flooring, forming an impermeable, flat, hygienic and permanent joint
- VISEGE® DS and VR securing edge trims seal and protect junctions between flexible sheet flooring and any hard paving
- Quality control to BS EN ISO 9001: 2015

» VISEGE® DS & VR SERIES EDGE TRIMS

- Securing edge trim for pedestrian traffic, including wheeled trolleys and sack trucks
- Protects against the ingress of dirt
- Prevents slip and trip hazards
- Prevents shrinkage of vinyl flooring which may occur in extreme conditions
- Quick and easy to use
- Enhances the product life of the flooring
- Designed to ensure accurate and unobtrusive installation
- Manufactured to your exact specification
- Require no further maintenance after installation

VIEDGE® DS Series EDGE TRIM

SECURING EDGE TRIM FOR PEDESTRIAN TRAFFIC

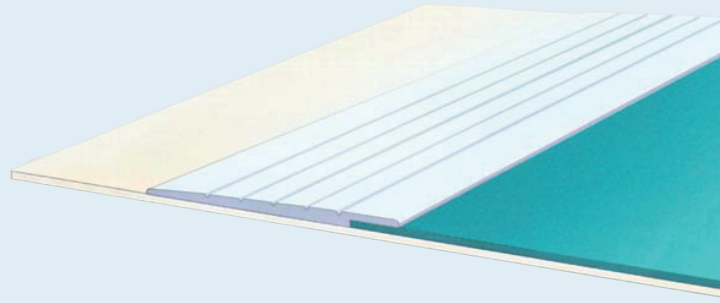

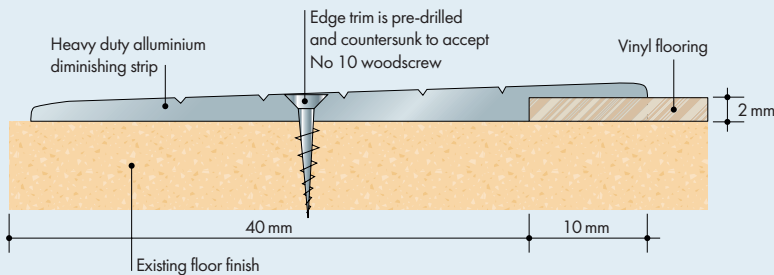

Typical floor finishes

- For junctions of flexible sheeting, e.g. vinyl or linoleum and hard paving, e.g. ceramic tiling etc.

Performance

- VISEEDGE® DS is designed to anchor securely the perimeter of the vinyl flooring.
- More information can be found at www.howegreen.com

Section at paving junction (scale 1:2)

Size

VISEEDGE® DS is stocked in packs of 5 No. 2.0 metre lengths. Any quantity of 2.0 metre lengths can be supplied. Subject to correct infill/installation.
